

WATER RESOURCES COMMISSION

NOTICE OF INTENTION TO UNDERTAKE WELL CONSTRUCTION

Please read the following prior to completing the Notice form.

Pursuant to the Water Resources Commission Act, No. 522, and the Drilling Licence and Groundwater Development Regulations (2006) LI 1827, no person shall drill and develop water well without a Licence obtainable from the Water Resources Commission (WRC). Under Regulation 12 (3), a person who intends to drill a water well, shall give a Notice of such intention to undertake well construction to the WRC.

In order for the WRC to obtain all the relevant information, it is important that you complete the form as detailed as possible and include all the relevant documents.

1. Notice shall include:

- (a) A site plan, showing the drilling sites and other alternative sites, and the components of the proposed infrastructure of the project.
- (b) A general description of the project entailing water use, including types of works, what the water will be used for, proposed production level or results of project, proposed project start and completion.
- (c) Relevant permits, such as environmental permits (EIA, EMP) and other applicable permits such as permits from the Forestry Commission, Minerals Commission, Energy Commission, local authorities, etc. If these have not yet been issued, state when application has been given and expected approval date (if applicable)

2. Attachments

Where attached sheets and other technical documents are used in lieu of the space provided, indicate appropriate cross-references. Paragraphs that are not applicable to your application should be marked as "N/A".

For any clarification on any provision of the Notice form, please consult with the WRC Secretariat or our Basin Offices on the contacts below and Notices may be delivered in person or sent to addresses below:
